C&G F C G G7

When I was a child I used to wander

F C G C F
In a world of magic all my ownC G
Where the beasts had funny namesC F
And their shapes were wild and strangeC G CG G7
And all of them would answer when I spoke.Am Asus4 Am F
And in the darkness I would go thereDm Dsus2 AmEsus4
As I lay in my bed alone.Dm Dsus2
I'd close my eyes and seeAm Asus4 Am
The place I longed to beDm Dsus2 Am G G7
And gladly stay until the dawn.C F C G
I'd travel to another countryF C G C G G7
Oh, what a lovely place to be.C G
Where the creatures all were tame,C F
And the echo knew my name,G F C G C
When in my dreams it called to me.

Am G G7 C

C&G F C G G7

But I forgot, when I grew older,

F C G C F
About the country in my mind;C G
The beasts with funny namesC F
And moonlit circle gamesC G C G G7
With childhood toys were left behind;Am Asus4 Am F
But sometimes starlight would remind meDm Dsus2 AmEsus4
Of places where I used to go,Dm Dsus2
And every now and thenAm Asus4
When talking with a friendDm Dsus2 AmGG7
I'd ask if they'd been there also...C F C G
Do you recall another country?F C G C G G7
I used to think that it could be;C G
Where the creatures all were tame,C F
And the echo knew my name,G F C G C
When in my dreams it called to me.¹This work is licensed under a Creative Commons Attribution-Noncommercial-Share Alike 4.0 License.

C&G F C G G7
 But now I've recently discovered
 F C G C F
 The way back to places I recall
 C G
 The creatures I knew then
 C F
 Are with me once again
 C G C G G7
 And there is magic after all;

 Am Asus4Am F
 And I may sing to you by starlight,
 Dm Dsus2 Am Esus4
 Or trace a shadow on your screen,
 Dm Dsus2
 Or take you by the hand
 Am Asus4Am
 Across a moonlit land
 Dm Dsus2Am G G7
 To places only I have seen...

 C F C G
 So come with me to another country
 F C G C G G7
 Oh, what a lovely place to be.
 C G
 Where the creatures all are tame,
 C F
 And the echo knows your name,
 G F C G C
 When you come share the dream with me.

This started out trying to be a song about Cyberia, the country inside computers and networks, but it sort of got away from me. It still fits but it got bigger, somehow. Songs are like that.
